## SUMMARY

Aspiring Frontend Developer with a strong foundation in HTML, CSS, and JavaScript, complemented by hands-on experience in building projects using React, Tailwind CSS, and other frameworks. Self-motivated and detail-oriented, with a portfolio showcasing innovative projects demonstrating proficiency in frontend development concepts. Eager to contribute enthusiasm, creativity, and a commitment to learning to a dynamic development team.

## INTERNSHIP EXPERIENCE

### Fontend Developer Intern

Sep 2023 - Sep 2023

- Applied knowledge of HTML, CSS, and JavaScript to assist in the creation of responsive and visually appealing user interfaces.
- Demonstrated adaptability and eagerness to learn in a fast-paced professional environment during the one-month internship tenure.

## PROJECTS

### Personal Portfolio

[Link to Demo](#)

More details on Portfolio webpage:

#### 1. Blog Application:

- Developed a dynamic blog application allowing users to create, read, update, and delete blog posts.
- Implemented user authentication and authorization features for secure access.
- Utilized React for frontend development and integrated with a backend API for data management.

#### 2. YouTube UI Clone:

- Designed and implemented a faithful reproduction of the YouTube user interface using React and CSS.
- Integrated features such as video playback, search functionality, and responsive layout design.
- Demonstrated proficiency in frontend development and attention to detail in replicating complex UI elements.

#### 3. Movie Show Website:

- Created a comprehensive movie show website enabling users to search for movies and view detailed information.
- Integrated APIs for fetching movie data and displaying relevant information, including ratings, reviews, and trailers.
- Implemented frontend features for seamless navigation and user interaction, enhancing the overall user experience.
